KNOWLEDGE LEADERSHIP FORUM LECTURE

on

Proteochemometric Modelling

by

Dr. Vigneshwari Subramanian
(2008 batch of B. Tech. Bioinformatics)

University of Helsinki alumnus
(Currently employed in Astrazeneca, Sweden)

on January 8, 2020 at 03.00 pm, JVC Auditorium, SASTRA Deemed-to-be University, Thanjavur

The COMBIGS student association of the Department of Bioinformatics conducted an Knowledge Leadership Forum Lecture on “Proteochemometric Modelling” on Wednesday, 08.01.2020 between 3 to 5pm in JVC Auditorium. The primary focus was to expound upon the inception and advancements in “Proteochemometric Modelling” by a former alumni Dr. Vigneshwari Subramanian (2008 batch B.Tech Bioinformatics). The event witnessed participants from the department of Bioinformatics. The audience were enthusiastically engaged with the speaker regarding research opportunities overseas. The Bioinformatics students across various years were much benefited by her projections for research and academic advancements highlights.
