

ALUMNI TALK (organized by COMBIGS)

An alumni talk was arranged by COMBIGS on 18/12/19. Mr.Vignesh (2012 passed out student of department of Bioinformatics, SASTRA deemed University) . He is presently Bioinformatics Specialist at Memorial Sloan Kettering Cancer Center, New York. He pepped up his talk with the interesting responsibilities that he is addressing in his present capacity as bioinformatician. He also motivated the students by sharing his experiences of undertaking several research projects while managing side by side undergraduate course requirements. His inspirational speech was kindling the spirits of both undergraduate and postgraduate students. The event was inaugurated and felicitated by Dean, SCBT. About 150 students were benefitted.
